

Wednesday, June 12

9:00-11:00	Session 12-1A. Applications of Computational Intelligence (Part I)	Session 12-1B. Hybrid Intelligent Systems
11:00-11:30	Coffee Break	
11:30-13:00	Session 12-2A. Applications of Computational Intelligence (Part II)	Session 12-2B. Learning and Adaptation
13:00-14:00	Official Opening and Invited Talk 1 <i>“A Novel Framework to Design Fuzzy Rule-Based Ensembles Using Diversity Induction and Evolutionary Algorithms-based Classifier Selection and Fusion”</i> Prof. Oscar Cordon	
14:00-16:00	Lunch at Hotel Beatriz Atlantis & Spa	
16:00-17:00	Session 12-3A. Applications of Computational Intelligence (Part III)	Session 12-3B. Kernel Methods and SVM
17:00-17:30	Coffee Break	
17:30-19:30	Session 12-4A. Data mining with Evolutionary Computation and ANN	Session 12-4B. Mathematical and Theoretical Methods in Computational Intelligence (Part I)
20:00	Welcome Reception	

Thursday, June 13

9:00-11:00	Session 13-5A. Mathematical and Theoretical Methods in Computational Intelligence (Part II)	Session 13-5B. Fuzzy Logic and Soft Computing Applications (Part I)	Session 13-1C. Self organizing network
11:00-11:30	Coffee Break		
11:30-13:10	Session 13-6A. Bioinformatics/ Biomedicine in Computational intelligence (Part I)	Session 13-6B. Video and Image Processing (Part I)	Session 13-2C. Metaheuristics (Part I)
13:10-14:10	Invited Talk 2 ” Extreme Learning Machine: A Robust Modeling Technique? Yes!” Prof. Amaury Lendasse		
14:10-16:00	Lunch at Hotel Beatriz Atlantis & Spa		
16:00-17:00	Session 13-7A. Bioinformatics/ Biomedicine in Computational intelligence (Part III)	Session 13-7B. Fuzzy Logic and Soft Computing Applications (Part II)	Session 13-3C. Advances in Computational intelligence (Part I)
17:00-18:00		Session 13-8B. Video and Image Processing (Part II)	
20:00	Gala Dinner		

Friday, June 14

9:00-10:00	Session 14-8A. Bioinformatics/ Biomedicine in Computational intelligence (Part III)	Session 14-9B. Biological and bio- inspired dynamical systems for computational intelligence.	Project D-ALix: Neural Access Point of Western Africa and Canary Islands. Towards the ICT market and the technological resources in the Canary Islands. (Council of Tenerife). http://www.d-alix.com/
10:00-11:00			Session 14-4C. Metaheuristics (Part II)
11:00-11:30	Coffee Break		
11:30-12:50	Session 14-9A. Brain-Computer Interfaces and Neurotechnologies	Session 14-10B. Artificial Intelligence and Games	Session 14-5C. Advances in Computational intelligence (Part II)
12:50-14:00	Invited Talk 3 ” It’s as easy as ABC Introducing Anthropology-Based Computing” John N. A. Brown Closing Ceremony		
14:00-15:45	Lunch at Hotel Beatriz Atlantis & Spa		
SOCIAL EVENT	Visit to the Teide and the Observatorio de Astrofísica del Teide. A bus will depart from the hotel at 15:45.
